

Half Body Dress Form Assembly Guide

Parts:

1x Base x1 Foot Pedal 1x Spring 1x Topper 1x Allen Wrench 1x Dress Form

(BOTTOM) OF INNER POLE

x1 Inner Pole

SLIT (TOP) OF INNER POLE

x1 Outer Pole

(BOTTOM) OF OUTER POLE

(TOP) OF OUTER POLE

Step 1: Place Base on floor and insert foot pedal in designated area of the base.

Step 2: Insert the Inner Pole (Bottom downward) into the hole of the base until it makes contact with the foot pedal. Use the provided "Allen Wrench" to tighten the small bolt on the side of the base once done.

Test: Step on foot pedal, you should feel some resistance. (The Pole should not move)

Step 3: Insert the spring over the Inner Pole until it is sitting on the base.

Step 4: Hold down the foot pedal while you use one hand to manually align the "slits" on the top of the inner pole. As you continue to hold down the foot pedal use your other hand to place the outer pole over the inner pole once aligned.

Step 5: Gently insert the dress form over the outer pole and secure dress form with topper and you're done!

Dress Form Usage Tips:

- Adjust the height of your form by holding down the foot pedal and manually raising your form up or down by hand. Release pedal once at desired height.
- To collapse shoulders press inward on both ends of the shoulders until they stay in place. To un-collapse, press further inward on both ends of shoulder and slowly release.
